ASSISTIVE TECHNOLOGY REVIEW AND OBSERVATION WORKSHEET

	Low	Good	High
Reliability/dependability ratings for this tool			
Ease of learning to use this tool			
Ease of use of this tool			
Visual and/or auditory quality of this tool			
Technical support available for this tool			
SETTING: Consider where your student will use this tool:	For each setting, an	swer yes or no.	
	Home	School	Other
Is it compatible with existing technology?			
Is the tool portable (if necessary)?			
Is appropriate space available to use the tool?			
Is appropriate furniture available (if necessary)?			
is appropriate furniture available (if flecessary):			
Is on-sight support available to your student? STUDENT USE OF THE TOOL: Observe your student us ate his or her performance of the same tasks using no as	•		Compare ar
Is on-sight support available to your student? STUDENT USE OF THE TOOL: Observe your student us	•		Compare ar
Is on-sight support available to your student? STUDENT USE OF THE TOOL: Observe your student us	sistive technology or	a different tool.	•
Is on-sight support available to your student? STUDENT USE OF THE TOOL: Observe your student us ate his or her performance of the same tasks using no as	sistive technology or	a different tool.	•
Is on-sight support available to your student? STUDENT USE OF THE TOOL: Observe your student us ate his or her performance of the same tasks using no as Improved student's accuracy	sistive technology or	a different tool.	•
Is on-sight support available to your student? STUDENT USE OF THE TOOL: Observe your student us ate his or her performance of the same tasks using no as Improved student's accuracy Increased student's speed	sistive technology or	a different tool.	•
Is on-sight support available to your student? STUDENT USE OF THE TOOL: Observe your student us ate his or her performance of the same tasks using no as Improved student's accuracy Increased student's speed Compensates for student's needs	sistive technology or	a different tool.	•
Is on-sight support available to your student? STUDENT USE OF THE TOOL: Observe your student us ate his or her performance of the same tasks using no as Improved student's accuracy Increased student's speed Compensates for student's needs Allowed student to use his or her strengths	sistive technology or	a different tool.	•
Is on-sight support available to your student? STUDENT USE OF THE TOOL: Observe your student us ate his or her performance of the same tasks using no as Improved student's accuracy Increased student's speed Compensates for student's needs Allowed student to use his or her strengths Student learned to use the tool easily	sistive technology or	a different tool.	•
Is on-sight support available to your student? STUDENT USE OF THE TOOL: Observe your student us ate his or her performance of the same tasks using no as Improved student's accuracy Increased student's speed Compensates for student's needs Allowed student to use his or her strengths Student learned to use the tool easily Student can use the tool easily and efficiently	sistive technology or	a different tool.	•
